

Supporting English Learners with BookNook

OUR APPROACH

-  **Instruction that Reflects English Language Development Standards**
Lessons that integrate content and instructional practices consistent with English Language Development standards.
-  **Incorporating Principles of CAST UDL Guidelines**
Multiple means of engagement, representation, and expression ensure accessibility for all learners.
-  **Build on Assets, Not Deficits**
We recognize the strengths English Learners bring and design instruction that leverages them.

HOW WE SUPPORT EL SUCCESS

- » Lessons that integrate language development into rigorous content learning
- » Tutor resources by grade band and content area for responsive instruction
- » In-lesson EL tips and scaffolds to adapt support as needed
- » Embedded supports such as sentence starters and frames, visuals, and strategic questioning
- » Explicit vocabulary instruction with regular opportunities for discussion and application

WHY IT MATTERS

Finding tutoring that truly works for English Learners can be challenging. BookNook's research-based approach provides meaningful, standards-aligned support that helps every student grow.

BookNook does more than accommodate English Learners—our tutoring is designed to support them.
